SUMMARY

that all about me I mentioned it always I am frontbanders in any stream. let's talk communicate about my profession so there coding is not only my soft skills it is my passion. By which to create a feel glad to appreciate for me I always loves to coding beacuse it do at work with feel to a enjoyable moment with good human nature. So that all about me as relavant to me and I will do best is my work role with hardly and smartly.

EDUCATION

BCA-1: BCA(Computer of science), 2024
S.S JAIN SUBODH OF GLOBAL EXCELLANCE COLLEGE - Jaipur, RJ

BCA-1: Full stack Developer(Web Development), 2024
Samyak Computer pvt.ltd - Jaipur, RJ

• When My college first year I start coding at the age of 18 years old student. As a Fresher in This Coding programming starting time there are many problems in faces but my dream vision is clearly So I have effort to effort with hard work & smart work with my passion And aptitude.

12th: Science Math, 2023

Bhagwan Mahaveer Sr. Sec School - Bikaner, RJ

I am passed with a good rank in science math stream. After 12th I thought I am made a Software Engineer that is my dream forever in my life. I have always first priority only my Dreams in my life. Then I am came in Jaipur and Got admittted on BCA In S.S Jain subodh of global excellance College. When I go to college regularly and focus on my study. I am put the efforts to improved soft skills to him always.

PROJECTS

- In this project you see the highly effectively animation with responsive (<https://premgoyal09.github.io/GSAP-LOCOMOTIVE-PROJECT/>)
- Roxima Wordpress theme made a clone to see about the responsively and creatively (<https://premgoyal09.github.io/Roxima-website-/>)
- icoder made By using bootstrap5 to make responsively effected to this.
